

CENTRAL AMERICAN MUSIC PROJECT

Is a branch of Don La Placa Ministries.

It's main mission is to place in the hands of quantified worship leaders in third world countries the tools to become the best they can in leading people in heart felt praise to our Lord and Savior Jesus Christ. We make it possible for Worship Leaders to have good Guitars, Keyboards and Audio Equipment, at very low cost or in many cases free. In the last few years Thousands of dollars in Equipment has been given to leaders in Honduras and Costa Rica. Don is always looking for people who have instruments that are playable who would like to donate them to this very important ministry. Please contact Don at his E-mail address . donlaplaca@aol.com
